

# Hull and East Yorkshire LEP Board

Report to the Board, 19<sup>th</sup> April 2021  
Report from James Newman  
Agenda Item 4 Paper A for background information only

Formatted: Font: 12 pt, Not Bold, Font color: Auto

## 1. Summary

- 1.1. This report references the various current strategy documents that HEY LEP Board Members will need to consider in setting various priorities and sub-board activity. The LEP will need to write the HEY LEP Economic Strategy that aligns with these existing materials where appropriate and builds a compelling narrative for the Hull and East Yorkshire region.

## 2. Recommendations

- 2.1. That the Board review the information to inform the discussion at the first HEY LEP Board meeting.

## 3. Report

- 3.1. A number of local strategies have been developed by the Humber LEP, the Local Authorities and key partners, including collaborative successful bidding opportunities that will impact on the private and public sector in the forthcoming years. These should be reviewed alongside national policy drivers such as the Getting Building Fund. References include:

## 4. **Implications for the HEY LEP**

- 4.1. These existing plans will be useful in developing the new HEY LEP Economic Strategy, ensuring alignment with private and public sector organisations to add value and limit any duplication.
- 4.2. Discussions at the Board Meeting today will begin to determine how the HEY LEP will approach this work, ensuring the relevant sectors, key partners and stakeholders are engaged appropriately to provide a compelling narrative to help drive the local economy.

## 5. **Financial and resource implications**

- 5.1. The development of the strategy will need resourcing in terms of people and potentially other sources of evidence.
- 5.2. As the HEY LEP budget is tight, the approach must draw on the knowledge, skills and experience of partners to maximise opportunities.

Hull and  
East Yorkshire  
Local Enterprise  
Partnership

5.3. The timescale for the production of the strategy is to be considered and agreed by the board.
